Commissioner for Patents

Clarification for the Grounds of Rejection in the Examiner's Answer

The Grounds of Rejection in the Examiner's Answer lists a 103 rejection for claim 32. However, the October 12, 2006 Final office does not list the same rejection. Paragraph 22 in the final action states a 103 rejection for claim 16. This is a typographical error and instead the preamble of the rejection should list claim 32. This is evident since claim 16 is a cancelled claimed and the preamble also states that the rejection is applied to claim 31 above, which claim 32 clearly depends on.

The Examiner can be contacted regarding any inquiry concerning this communication at 571-571-8209.
